第三部分：对话范文

Part 3: Dialogue Examples - Complete Conversations

话题一：什么是趋势？ | What Are Trends?

老师讲解 | Teacher's Explanation:

Today we're gonna talk about trends. You know what trends are? Yeah, you're always up and down, but trend

is something that comes and goes. Like I said, it's something that becomes popular. Maybe now, but after

maybe a year or two, not so popular, right?

今天我们要谈论趋势。你知道什么是趋势吗？是的，你总是起起伏伏，但趋势是来来去去的。就像我说的，它是变得流行

的东西。也许现在是，但也许一两年后就不那么流行了，对吧？

课堂对话 | Classroom Dialogue:

Teacher:

What trends do you think are happening now?

你认为现在有什么趋势正在发生？

Student:

Because I work at a pair company, so we recently find the vintage style is very good.

因为我在一家公司工作，所以我们最近发现复古风格非常流行。

Teacher:

Vintage stuff is like lots of people are very interested in old things now. Why do you think that's a trend now?

古董就是很多人现在对旧东西很感兴趣。你为什么认为这是现在的趋势？

Student:

Because I think some people are very environmental.

因为我觉得有些人非常注重环保。

Teacher:

They think the early 2000s was a good time, a good time. You like everything, you know? So it's like

oh, all these old movies, old clothes, all kind of music and so much more. In this time, we also think our future

is very bright.

他们认为21世纪初是美好时光，美好时光。你喜欢你所知道的一切。所以就像是哦，所有这些老电影、旧衣服、各种音乐

，还有更多。在这段时间里，我们也认为我们的未来是非常光明的。

话题二：极简主义与极繁主义 | Minimalism vs Maximalism

老师讲解 | Teacher's Explanation:

We have one thing called minimalism. What is the opposite? Maximalism. For example, you go to a castle,

there is a lot of painting everywhere, you know, statues, that's maximalism. More details.

Minimalism is no

details, right?

我们有一样东西叫做极简主义。对立面是什么？极繁主义。例如，你去一座城堡，到处都是画，还有雕像，那是极繁主义

。更多的细节。极简主义是没有细节，对吧？

课堂对话 | Classroom Dialogue:

Student:

I have to... because I think that you can focus on... if you try to do, it's very simple.

我必须...因为我认为你可以专注于...如果你试着做，它非常简单。

Teacher:

It is something we call utility. Utility is not only how we use something. For example, long time ago,

we have a cup. And this cup maybe lots of details, lots of things, it's very nice. Now, the cup is like this - just

one color, nothing, right? Because you don't care about the details, you just care about how to use it.

这就是我们所说的效用。效用不仅仅是某物怎么用。例如，很久以前，我们有一个杯子。这个杯子可能有很多细节，很多

东西，非常漂亮。现在，杯子就像这样--就一种颜色，什么都没有，对吧？因为你不在乎细节，你只关心怎么使用它。

Teacher:

Why do we not care about the details so much? Because we live online, right? And so like all this, too

much information. Also, same thing happening with colors. Like before, many cars, clothes, everything, they

are colorful. Now, they become with us.

为什么我们不那么在意细节了？因为我们生活在线上，对吧？所以像这些信息太多了。颜色也是如此。以前很多汽车、衣

服、所有东西都是色彩鲜艳的。现在，它们变得和我们一样了。

话题三：外貌最大化现象 | Looksmaxing Phenomenon

老师讲解 | Teacher's Explanation:

Maximalism - see? Maximalism means go until you cannot go anymore. This is like an online language. In

western countries, there's a trend called looksmaxing. Maximizing your looks until you cannot get better

anymore.

极繁主义--看到了吗？极繁主义意味着走到不能再走为止。这就像一种线上语言。在西方国家，有一种趋势叫做外貌最大化

。尽可能改善外表，直到无法再进步。

课堂对话 | Classroom Dialogue:

Student:

Pretend a rich man.

假装是有钱人。

Teacher:

Could be, it's part of it. You kind of change how we look until it become as good looking as we can. A

lot of men do it now in the western countries - surgery, they break their body, and then make it longer.

可能是，这是其中的一部分。你改变我们的样子直到它变得尽可能好看。现在很多西方男性这样做--做手术，改造身体，然

后让它更长。

Teacher:

Because there are people online talking about, 'Oh, how to change your looks in 90 days. Cut your

hair, blah blah blah.' And a lot of teenagers, they look at this, and they start doing drugs very young to become

super rich.

因为网上有人在讨论，'哦，如何在90天内改变你的外表。剪头发等等。'很多青少年看到这个，他们很小就开始吸毒，想要

变得超级有钱。

Student:

It's also happened to the adults.

这也发生在成年人身上。

Teacher:

Yeah, but a lot of children, they go online great early. There's a thing called bone smashing.

You know

bones, smashing means hitting. What they do is they hit their face. Because if you break your bone a little bit,

it can grow bigger after some time.

是的，但很多孩子很早就大量上网。有一种东西叫骨头粉碎。你知道骨头，粉碎意味着击打。他们做的是打自己的脸。因

为如果你稍微骨折，它一段时间后可以长得更大。

话题四：光环效应 | Halo Effect

老师讲解 | Teacher's Explanation:

We call that the halo effect. You guys know what a halo is? Like angels, they have this big halo.
Halo effect

means if you are very good looking, you could look like an angel. You look different from others,
you get more
attention.

我们称之为光环效应。你们知道光环是什么吗？就像天使，他们有巨大的光环。光环效应意味着如果你长得非常好看，你

看起来就像天使。你看起来与他人不同，你会得到更多关注。

课堂对话 | Classroom Dialogue:

Student:

You'll be more popular in your office.

你在办公室会更受欢迎。

Teacher:

Yes! If you are good looking, you can do many things. Like you can go online and say, 'Oh,
how do I

become good looking? Look at me, I know. Give me some money.' Because of that, a lot of people
on

Instagram become... famous.

是的！如果你长得好看，你可以做很多事情。比如你可以上网说，'哦，我怎么变得好看？看我，我知道。给我一些钱。'正

因为如此，很多人在Instagram上变得...出名。

Teacher:

Before you start a job, what do they need to do? Interview! If somebody interviews you, and
you just

like them, it's much easier to get a job. It doesn't matter if you're good at your work or not.

在你开始工作之前，他们需要做什么？面试！如果有人面试你，而你只是喜欢他们，找工作就容易得多。你是否擅长工作

并不重要。

Student:

Because for example if you get a job because you... but when you work in your company, what makes you really... it's your knowledge or your things.

因为例如如果你得到一份工作是因为你...但当你在公司工作时，什么让你真正...是你的知识或你的能力。

Teacher:

Yeah, so this all works for the short term. If you meet someone, 'Oh my god, this person so beautiful,' but after some time, maybe after a month, to you it is normal now. So you don't care about that

anymore. You care about other things, like deeper things.

是的，所以这些都只对短期有效。如果你遇到一个人，'天哪，这个人真漂亮'，但一段时间后，也许一个月后，对你来说这

就正常了。所以你不再在乎那个了。你关心其他事情，比如更深层的东西。

话题五：老鼠乌托邦实验 | Mouse Utopia Experiment

老师讲解 | Teacher's Explanation:

There was an interesting study in the 1960s called Mouse Utopia. Utopia means a perfect world. One

scientist, he built a big place, and he put a lot of mice there. He gave them food, shelter, everything they want.

No predators, no other animals will eat them. Clean, everything.

20世纪60年代有一个有趣的研究叫做老鼠乌托邦。乌托邦意味着完美的世界。一位科学家建了一个大地方，放了很多老鼠

进去。他给它们食物、住所，它们想要什么有什么。没有捕食者，没有其他动物会吃它们。干净，一切都很完美。

课堂对话 | Classroom Dialogue:

Teacher:

After some time, they stop having babies. Why? Some male mice become pretty. They just start

attacking other mice, no reason. Some male mice, people call them the 'beautiful ones.' Other kind of male

mice, they only stay in their room and clean themselves. Don't do anything. Remind you of some people during

this time?

一段时间后，它们停止生育了。为什么？有些雄性老鼠变得漂亮了。它们无缘无故地开始攻击其他老鼠。有些雄性老鼠，

人们称它们为'美丽的'。其他种类的雄性老鼠，它们只待在房间里打扫自己。什么都不做。让你想起这段时间的某些人吗？

Student:

Maybe they just focus on themselves.

也许他们只关注自己。

Teacher:

This experiment shows what will happen to any life if you have everything you want and no challenges.

Nothing will grow. You cannot improve yourself in any way. For example, let's say you don't have a job, you just

get unlimited money. After some time, life is so boring. How do I improve?

这个实验展示了如果你拥有一切想要的东西而没有挑战，任何生命会发生什么。什么都不会生长。你无法以任何方式提高

自己。例如，假设你没有工作，你只是得到无限的钱。一段时间后，生活变得如此无聊。我如何进步？

Student:

I also think it is happening in China. In 2000, we still have some... our life, the things are not enough.

There are not so many buildings. You get room for improvement.

我也认为它正在中国发生。2000年，我们仍然有些...我们的生活，东西不够。没有太多建筑。你有改进的空间。

Teacher:

If there's room for improvement, like life can go up, right? But life always goes like this - up and

down. Many empires, many countries, they may be very strong before, but all of them are going down. And they

may come back up again in some time.

如果有改进的空间，生活可以上升，对吧？但生活总是这样--起起伏伏。许多帝国，许多国家，它们以前可能非常强大，但

它们都在下降。它们可能会在某个时候再次上升。
