目录

1. 英语发音的组成部分 / Components of English Pronunciation
2. 自然拼读法 / Natural Phonics Method
3. 发音掌握的关键与易混词汇 / Key to Mastering Pronunciation & Commonly Confused Words
4. 元音发音与连读技巧 / Vowel Pronunciation & Connected Speech
5. 歌曲发音练习 / Song-based Pronunciation Practice

本课概述 Course Overview

本次发音课介绍了英语发音的组成（语音、重音与语调、自然拼读），掌握发音的关键（口腔运动、力度、气流），并通过词汇、句子、歌曲等进行发音练习。重点讲解了连读、吞音、爆破音等发音技巧，以及通过歌词模仿来提升发音流畅度。

1. 英语发音的组成部分 / Components of English Pronunciation

老师示范句子 / Teacher's Model Sentences

- » English pronunciation is a combination of three main components.
 └ 英语发音由三个主要部分组成。
- » The first part is phonetics: complex vowels, vowels, consonants, body control, and accents.
 └ 第一部分是语音，包括复杂元音、元音、辅音、身体控制和口音。
- » The second part is stress, which is emphasis -- sentence stress, contraction, reduction, sound transitions, et cetera.
 └ 第二部分是重音，即重读——句子重读、缩写、弱化、音变等等。
- » Intonation is the pattern of your tone -- the regular pattern of how your voice rises and falls.
 └ 语调是你语气的规律模式——声音起伏的固定样式。

常见错误纠正 / Common Error Corrections

- ✗ Genetics (student misheard 'phonetics')
→ Phonetics /fe'netiks/
 └ 听错了词，应该是 phonetics（语音学），不是 genetics（遗传学）。
- ✗ Contextuals (student misheard 'complex vowels')
→ Complex vowels
 └ 应该是 complex vowels（复杂元音），不是 contextuals。

单词 Word	音标	中文意思	例句
phonetics	/fe'netiks/	语音学，发音	Phonetics is the study of speech sounds.
vowel	/'vauəl/	元音	A, E, I, O, U are the five main vowels.
consonant	/'kɒnsənənt/	辅音	B, C, D, F are consonants.
intonation	/,inte'neɪʃən/	语调	English intonation rises at the end of yes/no questions.

单词 Word	音标	中文意思	例句
contraction	/ken'traekshən/	缩写, 收缩	'Don't' is a contraction of 'do not'.
reduction	/ri'duhkshən/	弱化, 减弱	Word reduction is common in fast speech.
et cetera	/it 'setere/	等等	We need pens, paper, et cetera.

• 语法小贴士 Grammar Tips

be a combination of ... 由.....组成 用 'is a combination of'

来描述某事物由多个部分组成。类似表达: consists of, is made up of。

- English pronunciation is a combination of three main components.
- The dish is a combination of vegetables and meat.

which 引导的非限制性定语从句 用 which 引导从句来补充说明前面的名词, 加逗号隔开。

- Stress, which is emphasis, includes sentence stress.
- Phonetics, which includes vowels and consonants, is the first component.

2. 自然拼读法 / Natural Phonics Method

■ 老师示范句子 / Teacher's Model Sentences

- » Natural phonics has two or three steps. First, find the syllables. Second, mark the stress.
 - └ 自然拼读有两到三步。第一步, 找音节。第二步, 标重音。
- » If you are not sure about the stress, you can try different positions and you will find the right one.
 - └ 如果你不确定重音在哪, 可以换着位置试, 一定能找到对的。
- » When you practice phonics on your own, you can accumulate the sounds of letter combinations and form patterns.
 - └ 当你自己练习自然拼读时, 你可以积累字母组合的发音并形成规律。
- » You can guess how to pronounce a word you have never seen before by recognizing familiar letter combinations.
 - └ 你可以通过识别熟悉的字母组合来猜测一个从未见过的单词的发音。

■ 常见错误纠正 / Common Error Corrections

- × Differentiation (stress placed on wrong syllable)
- Differentiation (stress on 'a': Dif-fer-en-ti-A-tion)
 - └ 重音应在 'a' 上面, 不是在 'r' 或 'sh' 上。多试几个位置就能找到对的。

× Pronunciation (student unsure of stress placement)

→ Pronunciation (stress on 'a': Pro-nun-ci-A-tion)

↳ 重音在 'a' 上, 和 differentiation 有类似的规律。

单词 Word	音标	中文意思	例句
syllable	/'sɪləbel/	音节	The word 'pronunciation' has five syllables.
stress	/stres/	重音, 强调	Mark the stress on the second syllable.
differentiation	/,dɪf,rensɪ'eɪ ʃən/	区分, 差异化	Differentiation between sounds is important in pronunciation.
pronunciation	/pre,nʊnsɪ'eɪ ʃən/	发音	Your pronunciation is improving.
phonetic transcription	/fe'netɪk traen 'skrɪpʃən/	音标	Look up the phonetic transcription in the dictionary.
accumulate	/e'kju:mjeɪleɪt/	积累	You can accumulate knowledge of letter sound patterns.

• 语法小贴士 Grammar Tips

条件句 If + 现在时, 主语 + can/will 用 if 引导条件句, 表示「如果.....就.....」。主句用 can 或 will。

- If you are not sure, you can try different positions.
- If you practice more, you will get better.

by + 动名词 表示方式方法 by doing something 表示「通过做某事」来达到目的。

- You can guess the pronunciation by recognizing letter combinations.
- You can improve by practicing every day.

3. 发音掌握的关键与易混词汇 / Key to Mastering Pronunciation & Commonly Confused Words

老师示范句子 / Teacher's Model Sentences

» The key to mastering English phonetics is the gradual gaining of body control over three different aspects: mouth movement, power, and airflow.

└ 掌握英语发音的关键是逐渐获得对三个方面的身体控制：口腔运动、力度和气流。

» Use words you already know to learn new words, instead of translating them directly.

└ 用你已经知道的词去记新词，不要直接翻译。

» 'Don't suck it up' is slang that means 'Don't be stupid' or 'Don't be silly.'

└ 'Don't suck it up' 是俚语，意思是「别犯傻」。

常见错误纠正 / Common Error Corrections

× Student read 'terrible' instead of 'trouble'

→ trouble /'truhbel/ (not terrible /'terebel/)

└ 看错了词。trouble 是「麻烦」，terrible 是「糟糕的」。要仔细看清单词。

× Student pronounced 'flush' and 'flesh' the same way

→ flush /fluhsh/ (冲水) vs. flesh /flesh/ (肉)

└ 这两个词元音不同。同义词应一起记，形近词不要一起记以免混淆。

单词 Word	音标	中文意思	例句
suck it up	/suhk it uhp/	(俚语) 别犯傻	Don't suck it up -- just do it properly.
thumb up	/thuhm uhp/	点赞，赞同	Give a thumb up to show your agreement.
flush	/fluhsh/	冲洗	Flush the toilet after use.
container	/ken'teiner/	容器	A jug is a container for liquid.
rugby	/'ruhgbi/	橄榄球 (英式)	Rugby is popular in the UK and New Zealand.
tub	/tuhb/	盆，浴缸	A bathtub is a large tub for bathing.
gradual	/'graedzhuel/	逐渐的	Learning pronunciation is a gradual process.

• 语法小贴士 Grammar Tips

instead of + 动名词 instead of 表示「而不是.....」，后面接名词或动名词（-ing 形式）。

- Use words you know instead of translating directly.
- Practice speaking instead of just reading.

同义词记忆策略 老师建议把同义词归在一起记忆（如 stupid/silly/dumb），而不要把形近词（如 flush/flesh）放在一起记，避免混淆。

- stupid = silly = dumb (笨的) -- 同义词一起记
- flush (冲水) vs. flesh (肉) -- 形近词不要一起记

4. 元音发音与连读技巧 / Vowel Pronunciation & Connected Speech

■ 老师示范句子 / Teacher's Model Sentences

» When two plosive sounds come together, you only need to pronounce one of them.

└ 当两个爆破音连在一起时，你只需要发一个音就可以了。

» English pronunciation is like a flow -- it floats on water like a boat. It is not like Chinese, which is word by word.

└ 英语发音像流水——像船漂浮在水面上。不像中文一个字一个字蹦出来。

» The 't' in 'football' can be dropped. You don't need to say 'foot-ball.' That is a typical swallowed sound.

└ 'football' 中的 't' 可以不发出来。这是一个典型的吞音。

» In 'put it,' the 't' sounds like a 'd' because it connects to the 'i' after it.

└ 在 'put it' 中，'t' 发 'd' 的音，因为它和后面的 'i' 连读。

■ 常见错误纠正 / Common Error Corrections

× Student pronounced every syllable fully: 'dead tight' as two separate sounds

→ dead tight -- merge the two plosives into one stop /ded tait/

└ 两个爆破音连在一起时（如 d 和 t），只需发一个音。不需要每个音都完整发出。

× Student read 'football' pronouncing both 't' and 'b' separately

→ football -- the 't' before 'b' can be dropped: /'fʊtbaw:l/ -> /'fubaw:l/

└ 爆破音 t 和 b 相连时，t 可以吞掉，只发 b 的音。

单词 Word	音标	中文意思	例句
plosive	/ˈplɒsɪv/	爆破音	B, P, T, D, K, G are plosive sounds.

单词 Word	音标	中文意思	例句
swallowed sound	/ˈswoləʊd saʊnd/	吞音	The 't' in 'football' is a swallowed sound.
connected speech	/keˈnektɪd spi:tʃ/	连读	Connected speech makes English sound fluent.
flow	/fləʊ/	流动, 流畅	English pronunciation should be like a flow.
emphasis	/ˈemfəˌsɪs/	强调, 重读	Put emphasis on the important words.
better late than never	/ˈbetə leɪt θæn ˈneɪvə/	(谚语) 晚做总比不做强	Start learning English now -- better late than never!

• 语法小贴士 Grammar Tips

like + 名词/动名词 表示比喻 like 用来做比喻, 表示「像.....一样」。

- English is like a flow.
- It floats like a boat on water.

the + 字母 + in + 词语 表示某词中的某个音 用 'the X in Y' 来描述某个单词中特定的字母或发音。

- The 't' in 'football' can be dropped.
- The 'gh' in 'tough' sounds like 'f'.

5. 歌曲发音练习 / Song-based Pronunciation Practice

老师示范句子 / Teacher's Model Sentences

» When you listen to the song, you can see how the words connect together. That is why it sounds so fast.

└ 当你听歌时，你可以看到词语是如何连在一起的。这就是为什么听起来那么快。

» In songs, conjunctions, prepositions, and articles are basically not pronounced clearly. They just skip over them.

└ 歌曲中基本不会清晰地发出连词、介词或冠词。他们直接跳过这些词。

» 'Come on now' sounds like one word -- it is even shorter than the word 'pronunciation,' but it is three words.

└ 'Come on now' 听起来像一个词——比 'pronunciation' 这个词还短，但它是三个词。

» The 'gh' in 'tough,' 'rough,' and 'enough' all make an 'f' sound.

└ tough, rough, enough 中的 'gh' 都发 'f' 的音。

常见错误纠正 / Common Error Corrections

× Student pronounced 'come on now' as three separate words

→ come on now -> /kuhmonau/ (connected as one unit)

└ 三个词要连读，听起来像一个词。每个音节都发出来会很慢，不像自然的英语。

× Student pronounced 'shape of you' with clear separation between words

→ shape of you -> /sheipevju:/ (of is reduced to /ev/, connected to surrounding words)

└ 'of' 在歌曲和口语中弱读为 /ev/，和前后词连在一起。

单词 Word	音标	中文意思	例句
bloody	/'blu:di/	(英式口语) 该死的, 非常	Bloody hell! I spilled water everywhere.
tiptoe	/'tiptu:/	踮脚尖	She walked on tiptoe to avoid waking the baby.
creeping	/'kri:piŋ/	蹑手蹑脚的	He was creeping around so no one would hear him.
cynical	/'sinikel/	愤世嫉俗的	My soul is so cynical.
criminal	/'kriminel/	犯罪的 (词根 crime)	You look so criminal in that outfit.
buffet	/'buhfei/	自助餐	All you can eat is another name for a buffet.

单词 Word	音标	中文意思	例句
seduce	/si'dju:s/	勾引, 诱惑	The advertisement tried to seduce customers.

• 语法小贴士 Grammar Tips

with + 名词短语 表示伴随状态 with 引导伴随状语, 表示「带着.....」或「有.....」。

- He sings with a British accent.
- Come with me to the party.

gh 字母组合的发音规律 gh 在词尾时经常发 /f/ 的音, 如 tough, rough, enough, laugh。但也有例外 (如 through)。

- tough /tuhf/ -- gh = f
- rough /ruhfh/ -- gh = f
- enough /i'nuhf/ -- gh = f

课程总结 Key Takeaways

核心词汇回顾 Key Vocabulary Review

phonetics 语音学, 发音

vowel 元音

consonant 辅音

intonation 语调

contraction 缩写, 收缩

reduction 弱化, 减弱

et cetera 等等

syllable 音节

stress 重音, 强调

differentiation 区分, 差异化

pronunciation 发音

phonetic transcription 音标

accumulate 积累

suck it up (俚语) 别犯傻

thumb up 点赞, 赞同

flush 冲洗

container 容器

rugby 橄榄球 (英式)

tub 盆, 浴缸

gradual 逐渐的

语法要点回顾 Grammar Review

be a combination of ... 由.....组成 用 'is a combination of'

来描述某事物由多个部分组成。类似表达: consists of, is made up of。

which 引导的非限制性定语从句 用 which 引导从句来补充说明前面的名词, 加逗号隔开。

条件句 If + 现在时, 主语 + can/will 用 if 引导条件句, 表示「如果.....就.....」。主句用 can 或 will。

by + 动名词 表示方式方法 by doing something 表示「通过做某事」来达成目的。

instead of + 动名词 instead of 表示「而不是.....」, 后面接名词或动名词 (-ing 形式)。

同义词记忆策略 老师建议把同义词归在一起记忆 (如 stupid/silly/dumb), 而不要把形近词 (如 flush/flesh) 放在一起记, 避免混淆。
