
课堂要点总结

Class Summary: Exercise and Health

Skills 360 English Class Study Material (A1-A2)

2026510

A1-A2 Level

Skills 360 English Class

目录

- 一、课前交流 (Warm-up)
- 二、锻炼的重要性 (Importance of Exercise)
- 三、锻炼类型 (Types of Exercise)
- 四、锻炼时间 (Exercise Schedule)
- 五、早晚锻炼对比 (Morning vs Evening Workout)
- 六、锻炼计划 (Workout Plan)
- 七、饮食与营养 (Diet and Nutrition)
- 八、课堂总结 (Summary)

课堂总结 Class Summary

- 1 课堂要点总结
 - 2 Class Summary: Exercise and Health
 - 3 课程主题：锻炼与健康
 - 4 日期：2026年5月10日
 - 5 课程类型：英语口语练习课
-

一、课前交流 (Warm-up)

课堂总结 Class Summary

- 1 【课堂要点】
- 2 课程开始时，老师询问同学们的业余爱好，引出今天的主题--锻炼。
- 3 【对话范文】
- 4 老师: What hobbies does anybody have? Anyone wanna try to go first? Like during free time,
- 5 what do you do?
- 6 学生: I usually play electric guitar in my leisure time.
- 7 老师: Leisure time, OK, OK. How long have you been playing electric guitar?
- 8 学生: For two years.
- 9 老师: That's good. So you play electric guitar, anybody else want to share?
- 10 学生: After work, maybe I like traveling, maybe go to the nearest Shanghai places to maybe
- 11 climbing.
- 12 老师: Cycling, OK. But traveling you cannot do every day, right?
- 13 学生: On weekend.
- 14 老师: What about during workday?
- 15 学生: Walk a pet. I have a dog, too.

二、锻炼的重要性 (Importance of Exercise)

课堂总结 Class Summary

1 【课堂要点】

2 老师引导同学们讨论锻炼的重要性，总结了三方面的好处：保持健康、打发时间、释放压力。

3 【对话范文】

4 老师: In today's world, many people usually sit in an office, sit down, so do you think exercise

5 is important in today's world?

6 学生: Yes, it's important. It can keep our health.

7 老师: It can make us healthier. Anybody else, any other benefits, like good things about

8 exercise in today's world?

9 学生: It can kill the time.

10 老师: It can kill time. Any other options?

11 学生: Release stress.

12 老师: Very good. Release stress. It can release stress.

13 【重点词汇】

14 • keep our health - 保持健康

15 • kill time - 打发时间

三、锻炼类型 (Types of Exercise)

课堂总结 Class Summary

1 【课堂要点】

2 老师介绍了两种主要锻炼类型：有氧运动(Cardio)和增肌训练(Hypertrophy Training)。

3 【对话范文】

4 老师: There are many different kinds of exercises. Anybody want to give me some names of

5 exercises?

6 学生: Running.

7 老师: Running, right? Running, what else?

8 学生: Swimming.

9 老师: We have swimming, running, basic stuff. We have dancing, is also a kind of exercise. Any

10 other forms?

11 学生: Play basketball.

12 老师: Basketball, yeah, in school. Now, those are all kind of like you say. There's this word:

13 Cardio.

14 老师: Cardio actually comes from a Greek word. It means heart. So anything you do that's

15 cardio is good for the heart.

四、锻炼时间 (Exercise Schedule)

课堂总结 Class Summary

1 【课堂要点】

2 老师讲解了锻炼时长和时段选择。科学研究表明，每天只需15分钟中等强度运动即可保持健康。

3 【对话范文】

4 老师: How much free time do you have in a week? Like maybe how many hours together after

5 work.

6 学生: 7 hours.

- 7 学生: One hour per day also, and in a week in the working day, and in the weekend I have
- 8 eight hours.
- 9 学生: 25 hours a week.
- 10 老师: OK, that's a lot of free time. So, all right, looks like we have like 7 hours, 8 hours. Let's
- 11 say you have 6 hours.
- 12 老师: How often should you exercise a week do you think? So, it will be maybe fun, not too
- 13 tired, but also healthy.
- 14 学生: 8 hours a week?
- 15 老师: Or depends what you do. Let's say you don't want to do this, you just want to be

五、早晚锻炼对比 (Morning vs Evening Workout)

课堂总结 Class Summary

- 1 【课堂要点】
- 2 老师引导同学们讨论早上和晚上锻炼的优缺点(Pros and Cons)。
- 3 【对话范文】
- 4 老师: What are some pros of going, like exercising, let's say, to a gym in the evening?
- 5 学生: After work, have enough time.
- 6 老师: So we have more time. Any other pros?
- 7 学生: It is good things, because after doing that, I will be comfortable.
- 8 老师: Yeah, like maybe a lot of during the day you eat a lot of food, so in the evening maybe
- 9 you have more protein in your body.
- 10 老师: What about some bad things about going to the gym in the evening?

- 11 学生: Maybe fight. Because I very like fight with my friends.
- 12 老师: You would like fighting with your friends?
- 13 学生: Oh, I think it's bad, because in the evening, it's fight. Because you will be so excited, and
- 14 you go to sleep is difficult.
- 15 老师: OK, very good. Some cons, like maybe some people, if you exercise too late, your body

六、锻炼计划 (Workout Plan)

课堂总结 Class Summary

- 1 【课堂要点】
- 2 老师让同学们设计每周三次、每次一小时的锻炼计划。建议先做增肌训练，后做有氧运动。
- 3 【对话范文】
- 4 老师: Let's say you guys have 3 days: Monday, Wednesday, Friday. You need to exercise one
- 5 hour on Monday, one hour on Wednesday, and one hour on Friday. What exercises will you
- 6 choose?
- 7 学生: First, I will do 30 minutes cardio.
- 8 老师: You will do 30 minutes cardio. Why do you want to do cardio?
- 9 学生: Just because it's interesting.
- 10 老师: And the other 30 minutes you will do what?
- 11 学生: Hypertrophy training.
- 12 老师: OK, so you do 30 minutes of this, 30 minutes of that. Do you think it's better to do
- 13 cardio first or hypertrophy first?
- 14 学生: Cardio.

15 老师: Well, some people do that, but actually hypertrophy first is better. Why? Because when

七、饮食与营养 (Diet and Nutrition)

课堂总结 Class Summary

1 【课堂要点】

2 老师讲解了三大营养素: 蛋白质(Protein)、碳水化合物(Carbs)、脂肪(Fats)的作用。

3 【对话范文】

4 老师: Training is not complete without diet. We have three things: exercise, sleep and diet. All

5 these are important, if one is gone, nothing happens.

6 老师: What kind of diets do you need to have? What is a healthy diet? Carbs, yeah. We don't

7 say carbon, we say carb. Carbs is actually a longer word, carbohydrate.

8 老师: What are some foods that are carb foods?

9 学生: Rice.

10 学生: Noodles.

11 学生: Bread.

12 老师: All these like simple foods. Why? What do carbs do? We have protein, we have carbs,

13 and also we have fats. All these are important but in different ways.

14 老师: Protein, we know, make you grow, build muscle, help you fix broken thing. What do

15 carbs do?

八、课堂总结 (Summary)

八、课堂总结 (Summary) / 课堂练习

请根据所学内容完成以下练习。不懂的可以先看答案，理解后再做。

1 【对话范文】

2 老师: What did we learn today? We learn today about some exercises. We also learn about

3 some basic exercises. Now, you know cardio, anybody remember what's cardio for?

4 学生: For heart.

5 老师: Yes. A cardiologist from cardiology something. You go to a hospital, you have

6 cardiology. It's the heart doctor. So, cardio is good for health.

7 老师: Hypertrophy is for what?

8 学生: Muscles.

9 老师: Yeah. Hypertrophy is for growing muscles.

10 老师: Doing sports, for cardio, you don't need a lot of time. For growing muscle, how was it

11 different? They need to be harder, right? They need to be harder so you push yourself. If you

12 don't push yourself, nothing happens.

13 老师: For hypertrophy exercise, what else do you need? You need to lift heavy, also what do

14 you need to do?

15 学生: You need protein.

16 老师: Protein, right. And where do you find protein?

17 学生: In many meats.

18 老师: Meats, or like in China is pretty easy to get tofu. It's pretty cheap. Tofu also has high

19 protein.

20 老师: We have carbs, right? Rice, noodles, bread, all these foods, they do what?
